BMX Freestyle Team

Robert Casitllo

Letter of Recommendation:

I had the BMX Freestyle Team perform at our 2012 Fair. I cannot say enough good about this show! The show was so well run, great exciting announcer, and professional riders. The interaction with the audience was incredible. I am booking this show once again this year. Redwood Acres was the first fair this group ever performed at and you would have thought they had worked the fair crowd for years.

Please support this show; our industry needs more entertainment such as this!
